# ÉDITO

A day in Thonon in the July sunshine. The municipal beach plays host to families who want to start their day on a high. Everyone can enjoy the countless pools, slides, 23°C lake, relaxation area under the trees and play areas. With the sound of laughing and splashing all around you, you can't help but relax.

12:30pm, the sun is at its peak and the temperatures are still rising. For visitors who want to escape the midday heat, Château de Ripaille is a popular choice for its cool stone walls home to over 3000 years of history. The château and grounds are among the most impressive visitor attractions in the region.

After a spot of culture and heritage, thrill-seekers can get their fill on sport: a ride on a 9m boat on Lake Geneva, rafting down the River Dranse or a kayak trip along the narrow canals at Port Ripaille's marina.

Families and children can visit the farm to meet the animals and experience farm life.

As the sun goes down, Port de Rives and the town centre provide a wide variety of restaurants where you can soak up the summer night. It's a great opportunity to recharge your batteries so you're ready for a brand new day of adventure tomorrow.

No two days are alike in summer in Thonon. This guide brings you a full activity schedule so you can (re)visit the destination. There's a whole host of events throughout the season too: concerts, street art festivals, performances, extreme sports festival and more.

Welcome to Thonon-les-Bains, surprising by nature!

**Jérôme Chaumontet,**

President of the Thonon-les-Bains Tourist Office

## CULTURAL experiences

### FISHING AND LAKE ECOMUSEUM

**JUNE 1<sup>ST</sup> - SEPTEMBER 30<sup>TH</sup>**

**OPENING HOURS JUNE AND SEPTEMBER:**  
WEDNESDAYS TO SUNDAYS, 2:30-6PM.

**JULY AND AUGUST: DAILY**

**10AM - 12:30PM AND 2:30-6PM.**

**OPEN ON JULY 14<sup>TH</sup> AND AUGUST 15<sup>TH</sup>**

**GUIDED TOURS: 3PM & 4:30PM**

**(+ 11AM IN JULY AND AUGUST)**

Created in 1987, the eco-museum of fishing and the lake has naturally found its place in Port de Rives, a fishing village. Located in three traditional huts, it keeps the memories of those involved in the fishing industry on Geneva Lake alive and reflects on their current work. Boats, engines, traps and nets, old or new, are on display, offering a broad overview of Geneva Lake fishing tools. A slide show presents their life and activity over the four seasons. The eco-museum traces the evolution of local fishing techniques from the 'golden years' to catching California crayfish. Then go and see examples of the fish 'in flesh and fishbones', in our four refitted aquariums. Noble species (perch, ferras, arctic char...) or the less noble (carps, roach ...) will pass before your eyes. You can also see an exhibition of naturalized lake birds, so you can recognize them straight away in their natural habitat.

**Family:** Youngsters are provided with a games booklet to see another side to the museum and uncover the secrets of Lake Geneva. Guided family tours followed by a workshop available every Thursday at 4:30pm in July and August.

## CASTLE RIPAILLE

### APRIL TO NOVEMBER 5<sup>TH</sup>

DAILY EXCEPT MONDAYS,  
10AM - 6PM (5PM ON SATURDAYS)

Due to its grandeur and history, Ripaille is one of the finest sites in the region. Rebuilt in 1434 by Duke Amédée VIII, a Carthusian monastery in the 16th and 17th centuries, secondary home of an industrialist aesthete from 1892, the Château de Ripaille was a place of power and religion before being dedicated to the arts and to the 'art of living'. Visit Ripaille and relive all these stories.

ADULT: 10 €  
CONCESSION: 8 €  
CHILD (7-15 YEARS OLD): 5 €  
FREE FOR UNDER 7S  
FAMILY RATE (2 ADULTS & 2 CHILDREN): 23 €

#### The estate's wine

Ripaille isn't Ripaille without its AOC wine: a long tradition, going back to the Carthusians, the cultivation of the chasselas grape variety, a microclimate, softened by the nearby lake, and a great care in its production, create a fine dry white wine, with a fruity bouquet, fresh on the palate. *Wine on sale during castle's opening hours.*
